## Exciting Announcement for **ROBOTICS** Students (Grades III-XII)

Dear parents

Greetings!

We are thrilled to announce that **Robotics Competition** for grades III - XII will be held on **2nd May during school hours**. This is a wonderful opportunity for the **students who are enrolled in Robotics** to explore innovation, teamwork, and creativity in the world of robotics!

### Important Details:

- **Team Formation:** Students will participate in groups of 5-6 members
  - **Competition Format:** A problem statement will be given at the start of the competition
  - Teams must design and build a project within the given time

### Platform Details:

- Grades 3-5: Projects will be based on Microbit
- Grades 6-12: Projects will be based on Arduino

### Presentation Round:

Each team will present and explain their project to the judges

### Registration Information:

- Registration Form will be released on 28th April
- Students are advised to finalize their teams in advance

### What to Expect:

- Hands-on learning experience
- Opportunity to showcase creativity & problem-solving skills
- Team collaboration and innovation

Let your ideas come alive and build something amazing!

Best of luck to all the participants!

Warm regards  
Principal
